

Password and Multi Factor Authentication Standard

Acme Bank
Department: IT
Access Level: staff

This fictional Acme Bank policy is a retrieval source for training and evaluation. It does not describe a real organisation or regulatory requirement.

Password length

Passwords must contain at least 14 characters and must not reuse any of the previous 12 passwords.

MFA

Multi factor authentication is required for remote access, privileged access, and all cloud administrative consoles.

Sharing

Employees must never share passwords, MFA tokens, or authentication recovery codes.
